EVOLUTION OF A SUPERSTAR

Drew Barrymore

In 1982, six-year-old Drew Barrymore fed Reese's Pieces to an extraterrestrial. She's had audiences eating out of her hand ever since. Now, 28 years later, she's one of Hollywood's most powerful actors. Here's how it happened.

Start here!

- 1982** Breaks out early as the crippling center of Steven Spielberg's family-drama blockbuster, *E.T.*
- 1984** Divorces her parents in *Irreconcilable Differences*.
- 1986** Lands a one-two romantic punch opposite Adam Sandler in smash hit *The Wedding Singer*...
- 1987** ...and opposite Dougray Scott in teen-see romance *Ever After*.
- 1999** As an aspiring 25-year-old newspaper reporter, she sheds undercover as a student in her old high school in *Never Been Kissed*.
- 2000/2001** Proves her versatility as her shop, *Flower Farm*, produces two diverse films back to back: she stars in both *First, Charlie's Angels*...
- 2002** Dates alleged CIA hit man Chuck Barris in *Confessions of a Dangerous Mind*.
- 2007** Deceives Robert De Niro in family drama *Everybody's Fine*.
- 2009** Lights up the romantic comedy *He's Just Not That Into You*.
- 2010** Tries to make long-distance romance work with Justin Long in *Going the Distance*.

2000/2001 ...and then indie darling *Bonnie and Clyde*.

2002 *Electronic Arts*

2007 *Available on Xfinity On Demand*

2009 *Available on Xfinity On Demand*

2010 *Available on Xfinity On Demand*

BROCHURE FOR BUILDING CONSULTANTS

130 W 25th Street
8th Floor
New York, NY 10001
212-414-9623

Consulting Associates of NY, Inc.

Total access means total accuracy

EXPERIENCE MAKES THE DIFFERENCE
Consulting Associates of NY, Inc. (CANY) principals Ed Melrowitz and Jarrett Huddleston have been performing Local Law inspection since the first cycle of Local Law 10/80. CANY began providing safe, flexible, and cost-effective rope access on buildings of every size and configuration in 1996.

HANDS-ON PROFESSIONALS
Using rope access, CANY can thoroughly assess your entire building facade, often for the cost of a single scaffold drop. CANY's expert team provides accurate information backed by years of repair and restoration experience. No "second-party inspection" is needed because the inspectors on the ropes are the individuals who prepare your report.

RESPONSIVENESS
Timely and efficient service is our hallmark. The team inspecting your facades and preparing/ filing your report will work without complication or delay, making your Local Law 11-98 experience hassle-free.

SAFETY
CANY's highly trained inspection personnel are certified by the Society of Professional Rope Access Technicians (SPRAT) and are outfitted with the latest in rope access equipment and backup safety systems. CANY and our independent Master-Rigger, Universal Steeplejack, are fully insured and together have an accident-free operational record on the ropes—we are serious about safety.

COMPETITIVE RATES
CANY provides our unique expert services at highly competitive rates. We'll prepare a Local Law 11-98 proposal specific to your property. Call or e-mail us and get more value from your Local Law 11-98 expenditure.

smart about buildings

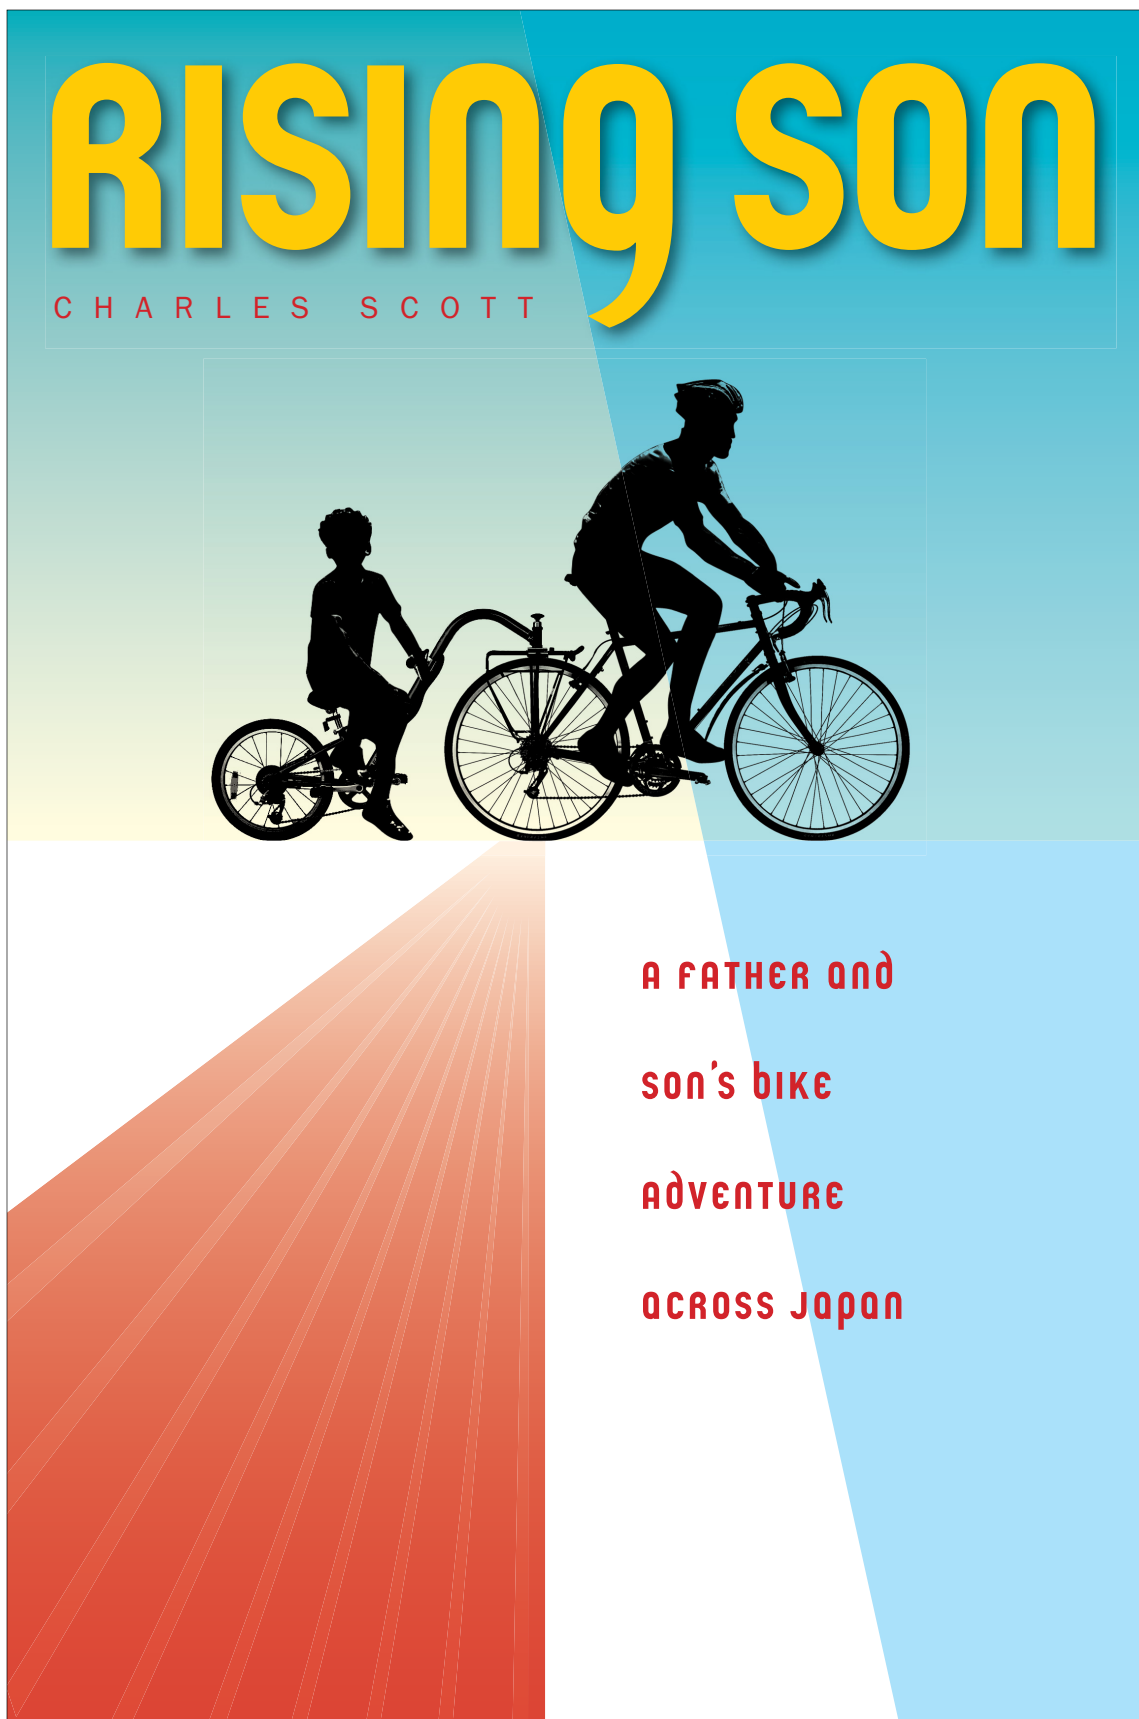

smart about buildings

Consulting Associates of NY, Inc.

In one or two days using rope access, CANY can perform hands-on inspection of your entire building enclosure, providing a highly accurate assessment of existing facade conditions.
